

# BORN 2 BOUNCE

These words have been designed to bounce  
And they are super fun  
But if you try to read too fast  
You'll stumble on each one

So take a breath and take it slow  
They're best when read out loud  
Ignore the pressures all around  
Or skeptics in the crowd

A Rhyme is like a "Well Lived Life"  
It can seem unforgiving  
But once it's BOUNCE has been unlocked  
There's joy in simply living

So bounce your words and rhyme your rhymes  
And smile each time you do  
Life's a gift and much too short  
Embrace what makes you - YOU!

And worry not what critics think  
They're often quick to pounce  
Their judgment likely wouldn't exist  
If they had found THEIR bounce
