

# Les Schwab Is Always There

I buy tires for all my cars  
From Les Schwab Tire Store  
My Pick-Up Trucks my SUV  
My Trailer and much more

The workmanship is always great  
The price is always fair  
And when I drive the interstate  
Les Schwab is always there

From the Sacramento Valley  
To the California Coast  
From Oregon to Washington  
I drive these roads the most

Nails and screws and road hazards  
And broken tire chains  
I've encountered all of these  
Strewn about my lanes

I've had a shredded tire  
And flats - more than a few  
I've rolled to town upon a spare  
But knew just what to do

From a full tire replacement  
To a simple flat repair  
With service - smile - and helpfulness  
Les Schwab was always there
